

International Seminar 2009 on Thermal Engineering

Sponsored by The Department of Mechanical Engineering, Osaka University

Date : November 25 (Wed.) and 30 (Mon.), 2009

**Place: Room 201, M4 Building, Department of Mechanical Engineering, Osaka University
(2-1, Yamadaoka, Suita, Osaka 565-0871 Japan)**

***http://www.mech.eng.osaka-u.ac.jp/access_en.php**

PROGRAM

November 25 (Wed.)

16:15-16:20 Opening Address

16:20-17:20 Prof. Terrence W. Simon (University of Minnesota, USA)

“Experiences with the Development of a New NASA Space Power Engine”

17:30-18:30 Mr. Yasushi Fukuizumi (Mitsubishi Heavy Industries, Ltd.)

“Towards Low Carbon Sustainable Society”

November 30 (Mon.)

15:00-16:00 Prof. Hyun Dong Shin (KAIST, Korea)

“On the Unstable Characteristics of the Premixed Reacting Flow”

16:10-17:10 Prof. Xing Zhang (Tsinghua University, China)

“Thermophysical Properties of Nanostructured Materials”

17:10-17:15 Closing Address
